## Summer Program Photo Opt-Out Form

Dear Parents:

On various occasions the staff of Antioch Child Care Centers will take photographs of the children. The photographs may be used within the centers for special projects, on the center's website, as well as in various media publications. If you wish for your child to **NOT** have their photograph taken, please sign and return this form to one of the Camp Leaders. If this form is not received by one of the Camp Leaders, we will assume that it is okay to photograph your child and that you fully understand the purpose for the use of the pictures.

By signing this form, I **do not** give permission for my child to be photographed. I understand that there may be certain projects/activities and special events that my child may not be included in or that may be altered for my child based on this request.
